Hi, I'm Crystal Collier and as another election approaches I want to thank you for your support over the years. My husband Kim and I live in Seldovia and have raised our four children in this community. Living in Seldovia all my life, I feel very passionate about the land and how important it is to our future and that of the generations to come. As indigenous peoples we have such a wonderful opportunity to pass on our heritage to the next generations.

Over the years, I have served on the Board in many capacities including Vice President, Chairman of various committees and now Corporate Secretary. I am very dedicated to see SNA prosper while maintaining and nurturing Shareholder benefits, our cultural identity, and growth in the Corporation.

As we move into changes in our own lives and changes in our world, SNA also needs to move forward into the future, we need to continue to increase our shareholder equity, creating and developing profitable enterprises to help ensure dividends for the owners (YOU). We started a Shareholder Trust that will assist us with distributing tax free dividends to you, which is very exciting and much needed.

I have been honored to serve you these past years and would appreciate your support by either proxy or in person vote at the Annual Meeting. Please feel free to contact me about any questions or ideas you'd like to share with the Board. My number is 907-202-3089 or email me at [crystal@ccollier.com](mailto:crystal@ccollier.com).

Thank you.

Dear Shareholders,

I would like to start by thanking the people who have supported me over the years and continue to do so today. To provide some background for those who might not know me I have served on the SNA board of directors for nearly 15 years. I have served in multiple capacities and roles ranging from director to chairmen of the board. Outside of SNA I work as the General Manager for NANA Construction LLC which is a full service EPC contractor specializing in Industrial fabrication and installation projects across Alaska's oilfield and mining sectors. In regard to SNA I was taught and truly believe that this company exists to benefit its shareholders and provide for future generations. This year we paid \$4.28 per share to our shareholders via our recently formed shareholder trust. By utilizing this method we were able to increase the dollar amount paid to the SNA shareholders and also eliminate the tax liability for you at the same time. Over the last year the board of directors and CEO have been working diligently to streamline operations, exit certain business ventures, and focus on more profitable business lines. With our new management team and streamlined approach I feel that our company is well positioned for steady growth and increased dividends to our shareholders in the future.

I would like to thank you for your time and consideration and would appreciate your support either in person or via proxy at our annual meeting on May 18th. Please remember that every vote counts in a village corporation election. If you have any questions or concerns please feel free to contact me anytime @ 907-830-4298.
